

**For more information concerning the CARN and the CARN-AP certification, please review Frequently Asked Questions.**

**Notice to prospective candidates:**

Effective January 1, 2006, ANCB is partnering with Schroeder Measurement Technologies, Inc.. (SMT) in administering the examinations leading to the CARN and CARN,AP.

Prospective candidates will apply for the examination by contacting SMT to get an application form. All inquiries may be placed by calling (800) 556-0484.

Once authorized to take the examination, prospective candidates can register for the examination on-line at <http://www.smttest.com/> or by calling the toll free number, (800) 556-0484.

SMT has testing locations in the United States, Canada, and Puerto Rico. To find a location, visit <http://www.smttest.com> click on "Candidates" and then "Find a testing center." The interactive map or drop-down box can be used to locate testing locations.
