Mr. Reed Cordish
Senior Adviser to the President
The White House

RE: Revise OMB's proposed budget slashing drug control funding

Dear Mr. Cordish:

We are thankful to the Trump Administration for prioritizing the reduction of drug use, drug trafficking, and its consequences. We represent former and current federal, state, and local officials, hundreds of community-based organizations, and tens of thousands of people working in drug prevention, drug treatment, drug treatment courts, mental health, recovery, medicine, law enforcement, and millions of individuals in recovery from alcohol and drug use disorders. Like the Administration, we believe drugs are a serious issue.

In light of the Administration's prioritization, we write in strong support of the Office of National Drug Control Policy (ONDCP) and the critically important Drug Free Communities (DFC) program, which provides funding directly to communities to prevent drug use. DFC-funded coalitions are proven to effectively reduce alcohol, tobacco, marijuana and prescription drug misuse among middle and high school-aged children. The High Intensity Drug Trafficking Area (HIDTA) program, which coordinates federal, state, and local law enforcement, streamlines efforts to dismantle drug trafficking organizations and brings drug traffickers to justice.

As we have written before, ONDCP brings essential expertise to the table on complex drug issues, expertise that would otherwise be missing or dispersed across multiple agencies. ONDCP holds all federal, state, and local agencies accountable for achieving specific goals to reduce drug trafficking, use, and other consequences.

At a time when drugs now kill more people than firearms or car crashes, it is more important than ever for ONDCP to remain a strong voice in the White House and a visible presence nationally. As plans are finalized for the Administration's proposed FY 2018 budget, we once again ask the Administration to maintain a strong commitment to ONDCP by proposing the highest level of funding possible for the agency and its programs given the importance of ONDCP's mission and the current opioid crisis.

Sincerely,

A New PATH
